EDUCATION

Morgan State University

Bachelor of Science in Computer Science.

Expected: May 2028

G.P.A: 4.0 / 4.0

Relevant Coursework: Introduction to Computer Science I & II, Calculus I, Computer Ethics.

Organizations: Women In Computer Science, National Society of Black Engineers, Society for the Advancement of Computer Science.

TECHNICAL SKILLS

Languages: Python, HTML5, CSS3, JavaScript.

Frameworks/ Tools: Git & Github, Tailwind CSS, Figma, Microsoft Office 365, Visual Studio Code, Google Colab.

EXPERIENCE

CrownHerit Multiresources

Web Developer Intern

Remote

October 2022 – September 2023

- Supported Integration of third-party payment services such as **Flutterwave** and shipping solutions to streamline online transactions.
- Applied foundational skills such as **HTML** and **CSS** for website product updates and maintaining seamless user experience.
- Assisted in maintaining website content by editing text and images using CorelDRAW, ensuring images aligned with site branding and design standards.

PROJECTS

Market Lens

- Developed MarketLens, a data visualization tool for financial and stock analysis as part of a 4-person team during a hackathon demonstrating skills in collaborative coding and financial data interpretation.
- Employed **PYTHON** in project development and improved the accuracy of stock and financial information by 96% using financial news analysis platforms such as Yahoo Finance.

Pinky Variables

- Developed a functional calculator web application using **HTML**, **CSS**, and **JavaScript** to enhance user experience and accurate calculations.
- Utilized version control (**Git**) for project collaboration, clear version tracking, and maintenance.

BikeSafe UMD

- Built BikeSafe, a bicycle navigation application to help users navigate bicycle routes faster and more efficiently as part of a four-man team in a hackathon using **HTML**, **CSS**, **JavaScript**, and **Python**.
- Utilized **Railway** for application hosting and **Terraform** to automate Railway deployment.

Personal Portfolio

- Developed a responsive website using **HTML**, **CSS**, and **JavaScript** for front development to showcase personal skills and contact information.
- Enhanced user experience with **CSS** animations including hover effects and smooth animation transitions for page scrolling and modal pop-ups.

LEADERSHIP AND INVOLVEMENT

Morgan Hacks

Registration Team Lead

Baltimore, MD

October 2024 – Present

- Led end-to-end registration and logistics for **Maryland's largest HBCU-hosted hackathon**, streamlining onboarding via Jotform, coordinating with cross-functional teams, and securing transportation to ensure a seamless attendee experience.

Women In Computer Science (WICS)

Member

Baltimore, MD

August 2024 – Present

- Recognized as **“Most Active Member” (Fall 2024)** in Women in Computer Science for consistent participation in technical workshops, speaker series, and networking events, fostering industry connections and technical growth for women in tech.

Other Affiliations: ColorStack, Rewriting the Code (RTC), MorganHacks, Morgan Tech Fest, Codepath, Sponsors for Educational Opportunity (SEO), Black Venture Career Consortium (BVCC).
